Refer to Appendix B of the MSF Sporting Regulations, for Saga Cup :

- Grading of Drivers within the four categories will be decided by the MSF Organising team and based upon lap times at Sepang Circuit. The cut-off lap times (lap time bracket) will be determined statistically, to provide for a balanced field and number of drivers and cars within each sub-category.
- Any driver that throughout the year consistently dips into the laptime bracket of the next faster laptime bracket, will be promoted to the next sub-category.

Definition of 'Consistently' in this context for Saga Cup:

- In 1 race (either SUPER SPRINT, SPRINT, or Enduro) two (2) 'bonus' laps is permitted up to 1.500 second into the next upper bracket; strictly no lower even if just 0.001 second.

Example: bracket is 2m58 – 3m01, racers are permitted 2 laps up to 2m56.500.

- Points will not be carried forward upon upgrade to the next upper laptime bracket
- There is allowance for only ONE (1) lap of up to 0.500 seconds into the lower time bracket during qualifying; if you did that twice, or more than that 0.5 second, you will be immediately upgraded to the next bracket.
